

SCENTYS

Excellence in Fragrance Diffusion

PACK COSY HVAC

CATEGORY «INVISIBLE SOLUTIONS»

Scented ventilation

The Pack Cosy HVAC is installed in ventilation and air conditioning ducts to allow fragrances to be diffused in large spaces from a single point of diffusion.

This system comprises an R'Pulse 150 pump connected to a diffusion head that can cover up to 200 square meters. The 1 L fragrance bottle has a lifespan of 5 months. Totally invisible, Pack Cosy HVAC is easy to use thanks to its intuitive interface and programmability (intensity and duration of diffusion).

- Homogenous diffusion with no droplets released
- Invisible system
- Suitable for spaces up to 200 sq. m.
- Ideal for hotels, building lobbies and stores
- Diffusion technology based on micro-nebulization
- Made in France
